

## **Shannon Rogers**

Shannon Rogers has been with TEKsystems for 11 years in a variety of roles – from customer support to recruiting and now account management. He currently specializes in Information Technology staffing across software applications, infrastructure, and communication product lines. In the last three years, his focus has been supporting the health care and financial industries, but mostly supporting the U.S. Army and the BRAC impact in the Harford County area. Mr. Rogers has provided consultative human capital management services to the largest employers in Maryland, as well as many small and mid market companies. TEKsystems is the nation's largest IT staffing and services firm. He holds Bachelor's degrees in music and physics from the University of Colorado.
