

Highlighting Economic Development and Education in Maryland

University of Baltimore

Student Center, Bogomolny Room – 5th Floor

21 W. Mt. Royal Avenue, Baltimore MD

March 29, 2019

11:30 am – 1:30 pm

Join us for the fourth in a series of conversations highlighting the impact of the partnership between our leaders in economic development and higher education. Baltimore City is the largest city in Maryland and has long been regarded as the economic center of the state. Nearly a half-dozen higher education institutions are located in the City, but there is only one University of Baltimore (UB). For almost a century, UB has granted educational access to a remarkably wide range of students: working adults, first-generation college goers, career-changers, and those who require the flexibility not found in traditional college settings. Join us to hear from President Kurt L. Schmoke about the important partnerships UB has forged and the impact the university is making today in Baltimore City and throughout the state of Maryland.

11:30 am – 12:00pm **Registration and Networking**
