

Financial Literacy Training & Credit Repair Coaching for Small Businesses

Provided at no cost to participants, this program prepares businesses to become capital-ready by helping them strengthen their financial infrastructure and creditworthiness. Qualified applicants will receive asynchronous training and one on one counseling from certified consultants who will help participants:

- Understand financial statements (profit & loss, balance sheet, cash flow)
- Improve budgeting, financial planning, and decision-making
- Repair and build personal/business credit
- Interpret credit reports, dispute errors, and develop a credit-building plan
- Strengthen internal financial systems, record-keeping practices, and accounting software usage
